U. S. BUILDING NOT READY YET

Interstate Commerce Commission Arranges to Meet in Council Chamber.

(Special to The Herald-Republican.)

Ogden, Oct. 8.—It had been planned that when the Interstate Commerce commission meets in Ogden Oct. 28 the meeting would be held in the Federal building, but on investigation by United States Deputy Marshal Lucian Smythe it has been learned that the building will not be ready for occupancy at that time. The marshal has made arrangements for the use of the council chamber at the city hall.

The federal plumbers are just finishing up the repair work required because of defects found in the plumbing. The furniture and fixtures for the post-office department are at hand and being installed, but there is no furniture on hand for the court room or the offices on the federal court floor, and it is not known when the furniture will arrive or be placed in position. At any rate, the building is not ready for even the moving of the postoffice, much less for the holding of the meeting of the Interstate Commerce commission, and it will not be ready by Oct. 28.

P. E. Baker, a representative of the plumbing contractors who have been making the repairs to the plumbing plant, states that the plumbing in the building is now in good shape. The repair work will be finished this evening, and before tomorrow noon the basement will be ready for use. Mr. Baker says that there were but few defects in the plant, yet important enough to cause the government to refuse to receive the plant.

SOCIALISTS NAME A TICKET

Party Platform Demands Initiative and Referendum With Proportionate Representation.

(Special to The Herald-Republican.)

Ogden, Oct. 8.—The Socialist party of Ogden last night nominated a full city ticket as follows:

Mayor—Charles Tribe.
Recorder—John J. McGregor.
Auditor—Joseph MacLachlan.
City council—First ward, Edward Hansen; Second ward, D. C. Dora; Third ward, Charles Nels; Fourth ward, Andrew Martin; Fifth ward, William Drysdale.

In addition to the usual Socialist platform, two clauses were inserted, as follows: "We demand that all city work be done at union wages and that when labor conflicts with free labor the former shall be abolished," and "We demand the initiative and referendum, proportional representation and the right of recall."

At the conclusion of the regular business of the convention a collection was taken up for the benefit of the striking comrades in Sweden.

CHARGED WITH ROBBERY.

Prisoner Declines to Plead Until He Consults an Attorney.

(Special to The Herald-Republican.)

Ogden, Oct. 8.—Michael Ryan was arraigned before the municipal judge this morning on the charge of attempting to hold up and rob Joseph Paine, on the night of Oct. 3. Defendant did not enter a plea, but stated that he would like to confer with an attorney. This was granted, and the time for the preliminary hearing was postponed until the pleasure of the county attorney and the attorney for the defense.

WYOMING WOMEN ARE NAMED CO-RESPONDENTS

(Special to The Herald-Republican.)

Ogden, Oct. 8.—Charges of a sensational nature, which name two women of Evansville, Wyo., as co-respondents, were contained in a suit for divorce filed in the district court this afternoon by Gertrude McArthur against William J. McArthur. The complaint alleges that the two women were married in Ogden, March 1, 1905, and says that McArthur is a locomotive engineer and is capable of doing any kind of work. She asks for the custody of the daughter and alimony.

IMPROVE UNION DEPORT.

(Special to The Herald-Republican.)

Ogden, Oct. 8.—All of the railroad offices in the Union depot building have been turned over to the patriots and paper hangers, who are fitting them up for the winter. The walls have new and attractive paper and the woodwork has been all varnished. The work in the offices of Superintendents Manson of the Southern Pacific and Whitney of the Union Pacific are being rushed to completion, while those officials and staffs are out on the road on their fall inspection tours.

DEAL ON FOR DRY FARM LAND IN MILLARD COUNTY

(Special to The Herald-Republican.)

Ogden, Oct. 8.—Sam Greenwood and Clinton Fay of Salt Lake were in the city recently negotiating an important land deal with the federal government. It is situated in Millard county and it is to be used for dry farming. If the deal is consummated it is confidently expected that it will be the Ogden people will purchase something like 5,000 acres of the best lands in the arid belt of Millard county.

DOCTORS HURT IN AUTO ACCIDENT RECOVERING

(Special to The Herald-Republican.)

Ogden, Oct. 8.—Dr. W. C. MacCarthy has sufficiently recovered from his injuries in an automobile accident to continue his journey to Idaho. The doctor and his wife left yesterday for the Gem state, where they will spend an indefinite time with Mr. MacCarthy's brother, Dr. Rich, who was with Dr. MacCarthy in the accident, but who was not injured. He is not yet able to leave his home.

TOMATOES PROFITABLE.

(Special to The Herald-Republican.)

Ogden, Oct. 8.—It is said by the tomato raisers and the canning people that Jack Frost last night virtually closed the tomato canning season. They say, though, that the crop, which was a handsome one, had practically been harvested. The profits to tomato growers have been above the average. The canners have paid \$2 a ton, and some of the patches have yielded as high as twenty-three tons per acre.

S. J. DUNSMORE'S SON DEAD.

(Special to The Herald-Republican.)

Ogden, Oct. 8.—Earl J. Dunsmore, the infant son of Mr. J. Dunsmore, died last night in that city. The funeral will be held Saturday from the residence of Mrs. Gardner, 2624 Lincoln avenue, at 2 o'clock. Interment will be made in the City cemetery.

RICHFIELD BREVITIES.

(Special to The Herald-Republican.)

Richfield, Oct. 8.—The Sevier County Fish and Game Protective association held a meeting here yesterday at which it was decided to appeal to the state fish and game warden for a restocking of the lake. The association declared that there have been too many fish and too much spawning taken from the lake in the last few years and that the trout are becoming scarcer in that body of water.

There is a report here to the effect that all the probability of the cloud of financial difficulties hanging over the Gold Mountain property will be waived after this month. Mr. C. W. C. the principal owner, wires from New York to his solicitors that he will be ready with the money to lift all obligations.

R. A. Lowe of Austin, who has been making a specialty of bee culture for a number of years, was in town yesterday. He reports that his apiary produced 350 pounds of honey this season, which will bring him something like \$2200. He has demonstrated that bee culture pays in this valley.

Mrs. Niswanger of this city has just returned from the north. She went to Salt Lake last Saturday, and when she reached Murray she desired to see the train. She stepped off the train and was immediately seized by a man who was carrying a gun. She received bruises about the body and limbs.

The furniture for the Wayne stake tabernacle has arrived from the north and is being conveyed over the mountain by team. The building is fast nearing completion, according to President Eastman, who was here recently attending to some matters in connection therewith.

HIGHWAYMEN AT WORK.

(Special to The Herald-Republican.)

Bingham, Oct. 8.—While Edna Fladen of Lark was returning home on horseback about 1 o'clock this morning he was held up by two masked men near Copperton. One of the highwaymen seized Fladen's horse and compelled the rider to dismount, while the other man searched him. The robbers obtained \$5. They then whipped the horse, causing it to take to flight, and then permitted Fladen to go. He was compelled to walk four miles to his home.

MT. PLEASANT BRIEFS.

(Special to The Herald-Republican.)

Mt. Pleasant, Oct. 9.—The entire family of John Anderson, who lives a mile east of this city, was rendered unconscious by a bolt of lightning which struck on the house.

Another herd of sheep numbering eighty head ate of the poisonous weeds which grow at the head of South Fork half a century. One-half tumbled, on arising, will bring within an hour a refreshing movement, gentle, natural, and thorough, without any gripping or other bad effects. As a whole bottle costs but a trifle, keep one always on hand.

SUNDAY SCHOOL CONVENTION.

(Special to The Herald-Republican.)

Mt. Pleasant, Oct. 9.—The annual convention of the District Angelical Sunday School association will be held in this city commencing today and lasting three days.

Rev. W. C. Merritt of Tacoma, Wash., field secretary of the north-west for the International Sunday School association, will be chief speaker. He will present subjects of interest to parents and teachers.

Constipation and Its Causes

A Well-Known Remedy.

Constipation is man's worst enemy, and half the bodily ills are a result thereof. Nature means that the bowels should be kept open, that we should have a free movement once a day. When we find our bowels do not move, we resort to powerful remedies which are so drastic in their action that they damage the tender lining of the bowels and leave a worse condition than before. Why take such injurious and expensive drugs when we can obtain from any druggist, much cheaper, a bottle of Nature's own remedy, HUNYADI JANOS Water, the famous Natural Laxative? This water is bottled at the springs in Hungary and in use nearly half a century. One-half tumbler, on arising, will bring within an hour a refreshing movement, gentle, natural, and thorough, without any gripping or other bad effects. As a whole bottle costs but a trifle, keep one always on hand. Look out for unscrupulous druggists, who will substitute unless you ask for HUNYADI JANOS.

DEMOCRATS PUT UP CANDIDATES

(Special to The Herald-Republican.)

Provo, Oct. 8.—The Democratic city convention was held today in the opera house. The convention was almost solid for prohibition, but Chairman O. H. Snoot, Jr., of the resolutions committee, refused to sign the prohibition plank and submitted a substitute plank pledging the candidates to strict regulation and high license. The original report for prohibition was adopted. J. C. Anderson announced Alfred Osmond as the temporary chairman. J. C. Anderson was elected temporary secretary and the committee selected at the ward primaries were accepted by the convention. Upon the recommendation of the committee on permanent organization the following officers were sustained: Chairman, J. L. Brown; vice chairman, Mrs. T. N. Naylor; Mrs. Amanda Pierpont; Mrs. W. Lester Mangum; Miss Josephine Kellogg; secretary, A. C. Snoot, Jr.; assistant secretary, Clyde Elliott; chairman, O. H. Borg, sergeant at arms, J. C. Snow. Some of the officers were absent and so arduous was the task of "bringing" them to the convention considered that Attorney J. W. N. Whitcomb moved that the chair appoint a committee of 100 to escort them to the stand. Even the chaplain was absent and the chair appointed Alfred Osmond to preside in his stead.

The following ticket was nominated by the convention: Mayor, C. F. Decker, on the first ballot as against 25 for H. C. Jex; recorder, George A. Brown, by acclamation; treasurer, Mrs. Belle Nelson, by acclamation; justice of the peace, James E. Snow.

This office was not filled until after the following had declined the nomination: J. C. Anderson, D. L. Van Wagon, William McCard, Alfred Osmond, D. W. Alexander, Leo Bird, R. C. Cornman and Ryan Wride. Miss Josephine Kellogg was the first one nominated and it looked for a while that the rules were going to be suspended once more and her name run through by acclamation.

Judge J. W. N. Whitcomb objected to the suspension of the rules and made a brilliant address on the wisdom of nominating a woman to fill the position of justice of the peace. She was defeated by James E. Snow.

The convention ratified the action of the several wards in nominating councilmen so that the council candidates on the Democratic ticket are: First ward, W. N. Giles; Second ward, W. A. McCullough; Third ward, Jesse Manwaring; Fourth ward, J. M. Holdaway; Fifth ward, E. S. Hinckley.

HUNTER'S BODY FOUND.

After Searching Since Monday Posses Recovers Remains.

(Special to The Herald-Republican.)

Lehi, Oct. 8.—The body of William Summerville, aged 25 years and married, who was drowned in the Jordan river about two and a half miles from Utah noon Sunday morning, was found Friday noon by Sheriff Judge of Provo, W. A. Knight, Fred Peterson, Charles Peterson and John Collidge of Lehi. The search had been going on since Monday.

Summerville was shooting ducks and one of the birds fell in the river. He went in to get it and is supposed to have taken cramps.

LEHI REPUBLICANS GET READY FOR CAMPAIGN

(Special to The Herald-Republican.)

Lehi, Oct. 8.—After a short session of the Republican central committee, called to consider fusion with the Democrats on the city ticket this fall, it was decided that the only way to get a business administration in Lehi and one that will ensure the continued prosperity of the city, is to put up and vote for a straight Republican ticket. Chairman J. C. Anderson, the public view are excellent and the people seem pleased that the fusion idea was dropped.

COUNCILMEN NAMED AT DEMOCRATIC PRIMARIES

(Special to The Herald-Republican.)

Logan, Oct. 8.—The Democrats at their primaries tonight nominated the following candidates for city council: First ward, P. M. Nelson; Second ward, William Evans; Third ward, Abraham Jorgensen; Fourth ward, George V. Thatcher; Fifth ward, N. P. Johnson.

WELCOME RAINS.
Southwest Has Been Suffering From Drouth for Two Months.
Kansas City, Mo., Oct. 8.—A drouth which has extended throughout a large part of the southwest for the last two months was broken by a heavy rain early today and tonight. In Kansas, Arkansas and Oklahoma the drouth was especially severe. Much suffering and crop damage had resulted. At Fayetteville, Ark., the water works system had been practically at a standstill, but little fall plowing has been done, and oil properties have also been idle, but work at the wells will now be resumed.
